Smith River Canoe Race

Dan Morgan W1UR our Technical
Officer says:

Yes, the Great Smith River Canoe Race is to be held on Saturday, May 20, 2000 this year. I haven't nailed down the exact start time [10AM], but I'm guessing we should assemble around 8:30 am at the Allen Albee town beach off route 28 about 2 miles north of the junction of routes 109 and 28 in Wolfeboro. Last year we had 5 communications locations manned along the course and were able to provide up-to-date race information to the finish line crowd. The race committee was very appreciative of our efforts. Any member wishing to help out will be very welcome. Just bring your handheld with battery charged and watch the race first hand. Check out the 1999 race pictures on the lrra.org website. Talk-in on the Club repeater 147.030mhz. We'll use 146.520 during the race.
